Lesson Plan:

Time		**Grade Level**	
Lesson Focus			
Essential Question What the student will learn. Students should be able to answer this question at the end of the lesson.			
Media/Technology Objective Link to the NCSCOS: http://www.ncpublicschools.org/curriculum/information/scos/			
Curriculum Objective Link to the NCSCOS: http://www.ncpublicschools.org/curriculum/			
Activity Summary Write a brief summary of the lesson – what students will be doing.			
Activating Strategy Review, link prior knowledge, and focus students' attention on the current lesson. Describe how you're going to focus the students' attention.			
Cognitive Strategy This is the heart of the lesson. Describe what the teacher and students are doing during the lesson. Give a full description of activity listing all procedures. Provide sample activity sheets, patterns, graphic organizers, etc.			

Summary Strategy Review. Answer essential question. State what the class will do next time – if applicable.	
Extensions: Describe any activities or assignments that extend the curriculum objectives and that can be taken back to the classroom, used for early finishers, or expanded into multi-lesson units.	
Resources and Materials List items needed for the lesson, i.e. crayons, pencils, paper, glue, encyclopedias, videocassettes, books, internet sites, etc.	
Notes/Reflection Group size, isolated lesson, part of a unit, other grade level possibilities, other notes to help explain the lesson or reflections after having taught the lesson.
